Good day Danette,

It went creepy. Changed judges, lawyer had wrong statutes, Private Investigator uncovered a conspiracy at the STATE Attorney General's Office, the judge denied the petition and they plan to violate my probation. I filed a motion to withdraw my plea and away we go.

Thanks for the good thoughts, I need them.

Have a great day,

Steve

Steve,

I had every intention of making it in to sit at your hearing and had a luncheon planned for later and had to blow it all off for the radio station - how did it go?

Danette

Good evening All:

Please pardon the mass emailing, but my attorney, Thomas C. "Doc" Miller, the famous Boulder Attorney associated with the Jon Benet Ramsey case, asked me to garner as much support as possible for the hearing on the 8th of April at the Jefferson County CourtHouse - 5th Floor, Division 2 at 9:30, for a hearing on a Motion for Forgiveness

<http://www.stevegartin.com/Forgiveness.htm> and Petition to Seal, wherein he will be offering my forgiveness of the myriad sins, crimes and lawlessness perpetrated upon me <http://www.stevegartin.com/jail.htm> by myriad government agents including many involved in the Columbine Tragedy, the Jon Benet Ramsey cover-up and other controversial cases, in the Name of YahSheua, quid pro quo for the Sealing of all the records in all of the myriad cases that they have brought against me that were dismissed or plea bargained and yet remain "on my record" <http://www.stevegartin.com/quowarranto.htm> - and, most importantly, the removing of the "Jacket" that requires Special Weapons And Tactics Teams to deploy upon any minimal interaction with me.

Thus far several SWAT Teams have battered down residential doors, swarmed lawful travelers and "taken down" menaced and arrested the elderly, women and endangered a score of children and their parents, in my presence, with

laser-sighted, high-capacity, large-caliber automatic weapons under the assumption that, due simply to my training, I am a "danger to police officers" according to the State Attorney General Investigator Gary Clyman <http://www.stevegartin.com/veracity.htm>. This hearing portends an end to that insanity and the conclusion my 13 year legal odyssey. <http://www.stevegartin.com/SCBrief.htm>

Doc Miller's last telephone message to me demanding that I gather as much support as possible, and to fill the courtroom, ended with the caveat - "your life depends upon it" - so I cannot underestimate the gravity of this hearing.

Doc Miller will be eloquently arguing that governmental prejudice is not conducive to a free society and my forgiveness of their improprieties, lawlessness and cover-ups can end this decade of drama that has spawned hundreds of Civil Rights suits against the Jefferson County Sheriff and management by simply sealing all the records and removing the "death jacket" Gary Clyman and Donald L. Estep have placed in my computerized NCIC/CCIC record, somewhat akin to the Denver SpyFiles wherein my name was also prominently found.

At the least, I'm sure it will be entertaining. The Honorable Leland P. Anderson has requested my attorney to perform some Shakespeare, so drama should not be in short supply! If you can attend, I'd appreciate your kind support.

YHVH Bless you all,
Steve
